

# City of Montréal

Montréal is without a doubt one of Québec's most dynamic, energizing cities. One visit is all it takes to fall in love with the city.

On site, there are many activities and things to see; the selection of restaurants is wide-ranging; and the shows are varied and surprising. One thing is true: Montréal leaves no one unsatisfied!

Historic sites and buildings<sup>[OBJ]</sup> abound, as do great restaurants and shops, each more appealing than the others. To discover its charms, nothing beats wandering around or grabbing a Bixi. It is also easy to get around by metro or bus to explore the different neighborhoods that bear witness to the history of the city, its evolution over the years, and the important contribution of the different communities that have made it their home.
